Color and Font Choices with Reasons

1. Colour Palette: Wine Shades (`#3a0c24` to `#7f2d5a`): I chose wine shades because they give the website a rich, elegant and traditional Indian look. These colours suit MAA KRIPA's bangle collection and create a premium appearance.

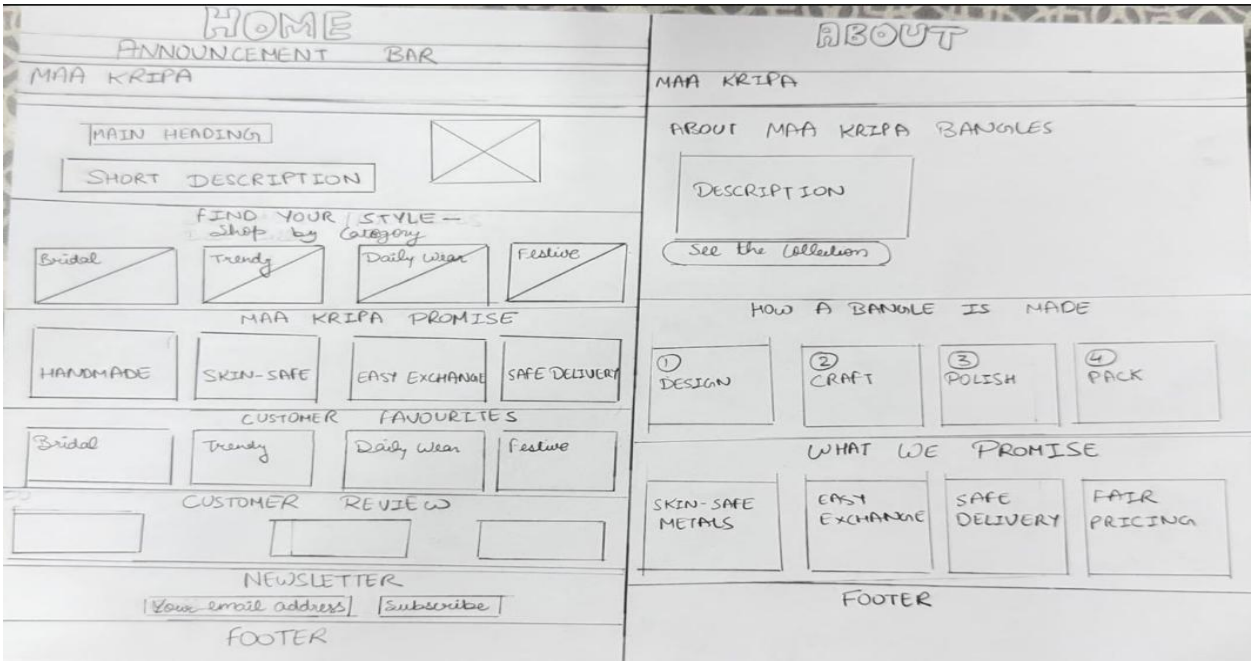

Gold (`#f0c957`) and Deep Gold (`#c99a2e`): Gold represents celebration, prosperity and tradition in Indian culture. I used it to highlight important elements and give the website a festive look.

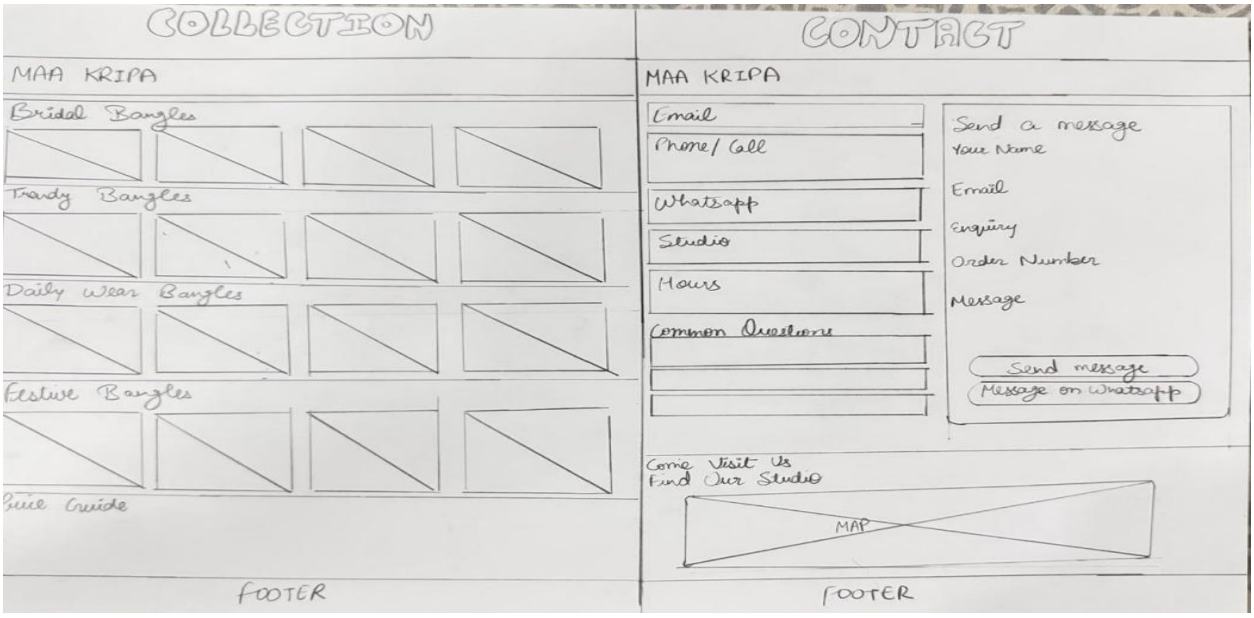

2. Font Choices

Fraunces (Heading Font):** I chose Fraunces because its elegant serif style gives the website a sophisticated, traditional and premium appearance. It helps the headings stand out and complements the ethnic jewellery theme.

Mukta (Body Font): I chose Mukta because it is clean, simple and easy to read. It keeps paragraphs, navigation links and product details clear while balancing the decorative heading font.
